Stones have been used as magical objects of various uses across time. A good place to start is with the stones that are used in the practice of Reiki, a form of energy healing. Reiki is a Japanese word that means "universal life energy." It is a form of energy that is said to be present in all living things, and it is believed that by channeling this energy, one can heal themselves and others.

Reiki stones are used to help channel this energy. They are placed on the body, and the practitioner uses their hands to move the energy around. The stones are used to help the body's energy flow, and they are used to help the body heal itself. The stones are used to help the body's energy flow, and they are used to help the body heal itself.
